

# WHERE TO FIND SPEAKING ENGAGEMENTS

Depending on your focus industry and your speaking experience, there are endless places you'll find opportunities as a professional speaker. These are just a few of the tried-and-true sources to get you started, but remember, the key to finding more speaking engagements is to drive with data. Look at the industries, companies, and groups that are currently booking you. Then focus on those.

If you're unsure where to find leads (or you're just tired of wasting so much time looking for them), check out the

## SPEAKERFLOW — INTEL ENGINE —

Below are just a few of the many things you can use it for:

- Find conferences that hire speakers, in any industry
- Access association and organization contact information
- Find meeting planners, bureau reps, and executives
- Find member directories and new decision makers
- Find contact info for your prospects
- Research other speakers and where they got paid to speak
